

Dr. Stephen G. Payne
Chairman

Whether coaching CEOs or speaking to groups of managers, young people, or the disadvantaged, Stephen sparks deep motivational forces that illuminate new paths to leadership success for the individual and the organization.

His approach combines two fundamental elements essential to bringing about transformational change. The first unlocks the enormous spiritual and mental potential that lies hidden in the hearts and minds at the inner core of leaders. The second is the ability to use that potential in practical ways to accomplish great results through a business team.

As a speaker, Stephen is more than the sum of his parts: brilliant businessman, results-producing engineer, uplifting preacher, and disarming host.

In true synergistic fashion, a meeting with Stephen helps groups more than they dare imagine. Listeners walk away knowing that they have been in the company of someone who intimately understands the triumphs and travails of the lonely aerie we call business leadership.

A former CEO, he has 20 years of guiding businesses and leaders to discover their true leadership potential and create fantastic results for themselves and the rest of their team. Stephen is the consummate Leadership Strategist, speaker and EMBA teacher.

He is the author of *The First Rule of Leadership*, *Total Leadership*, *Manage Your World on One Page*, *Driving Growth Through Leadership*, *The Joy of Work*, and *Leadership Inspirations – Ideas to Lift You to Greatness*.
